Countryside Memorial Park
Natural Stone Artisan Grave Markers
Description, Agreement, and Customer's Requested Design
Call or Text Sunny Markham at 512-203-9739

Cost:
Countryside Memorial Park's sand-carved natural stone grave markers **start at $499 + $40 production cost ($539 + $44.46 tax) = $583.46**. Each carved stone comes paired with a larger pedestal stone that it will rest upon. Price includes pedestal stone. *Specialty stone shapes will be quoted per selection.*

Carved Information included in the $499 + $40 base price:

Last Name
First, Middle or initial
Birth Date – Death Date

Depending on stone size and the additional items to be carved, we recommend the above information appear on 3 lines. The information may appear in the order you choose. If an additional feature such as an additional name or nickname, short epitaph/phrase or graphic is desired, a new price will be agreed upon.

Additional features start at $85 per. Some examples are:
"Missing You Always" (1-3 words) would be $85.
"Beloved Mother and Grandmother" (4 words) would be $100.
"Full of Joy and Laughter" (5 words) would be $135.

Size of Carved Stone: Approximately 17 x 12 x 2 (may more or less, depending on stone selected by customer). The stone sizes for the Urn Burials are smaller, unless they will be placed on a full size plot. Every stone is paired with a larger pedestal stone. All stones are flat, natural flagstones of unique colors, shapes and markings that have been carefully selected by our carver for their size, beauty, strength, and carve-ability.

The Process:
First choose your stone from our available stones. (See them in person or request photos.) Next, the Purchase Agreement is signed and you pay for the stone. Next, you text or email us exactly what you want on the stone. We'll design the features and submit a photo proof for your approval. Upon your approval, the stencil will be produced, the stone engraved, and the features painted. The stone will be finished with a sealant to enhance and protect the stone.

Production Time:
Production time is approximately 4 weeks or longer, depending on our current workload.

Placement:
You are welcome to have a stone placement ceremony for your Loved One, or we can install it for you. If purchased prior to death, the marker can either be taken home or installed on your pre-purchased plot. The death date will be carved when known (for an additional cost).

To view examples of our markers, visit CountrysideMemorialPark.com and go to our Products page. **Updated 11/11/26**
